日本語(キャンパスアジアプログラム)学科

広東外語外貿大学の中日韓「キャンパスアジア」プロジェクトは、広東外語外貿大学(中国広州)、 立命館大学(日本京都)、東西大学校(韓国釜山)の三大学により共同運営される、双方向多辺型発展の 国際連携教育の新しいモデルです。

「一帯一路」戦略の全面的実施により、外国語人材の養成に対しさらに多くの新しい要求を出し、創造的に牽引することが主流となります。「キャンパスアジア」計画 (CAMPUS Asia) は、正式名称を「アジア大学生交流グループ行動計画」 (Collective Action for Mobility Program of University Students in Asia) といい、中日韓三国の政府首脳によるトップダウンの教育交流プログラムです。

広東外語外貿大学の中日韓キャンパスアジアプログラムは 2011 年に批准され、2012 年に開始されました。2015 年 9 月には独立した学科として常態化運営が開始されました。我が校の中日韓「キャンパスアジア」プログラムは全国で採用された 10 団体のうち唯一の外国語学科のグループであり、北京大学や清華大学等とともに採用された 10 のパイロットプログラムの一つであり、キャンパスアジアモデルに基づく複合型人材養成機構の創造と実践を開始しました。

三カ国の教育部の評価の中で、我が校と立命館大学、韓国東西大学が共同で申請した「中日韓三方向連携養成東アジア地区次世代人文学リーダー移動キャンパスプログラム」は、三カ国の教育部でそれぞれ最高評価を獲得しました。中国では the best、日本では S 級(最高級)、韓国では優秀、の評価を得まし

た。我が校の中日韓キャンパスアジアプログラムは専攻モデルにより運営され、日語語言文化学院に属するキャンパスアジア教育センターを設置しています。本専攻は広東外語外貿大学の関連学科により支えられ、深い中国語や中国文化の素養を養成し、英語能力を強化し、日本語と韓国語を同時に学び習得し、高尚な人文的素質を備え、視野を広げ、東アジアの視点に立って問題を分析し解決できるような複合型人材を育てます。

我が校では新入生全員の中から 20 名が選抜され本専攻に入り、4 年制となっています。日本の立命館大学や韓国の東西大学校でもそれぞれ大学入試や入学後選抜で 20 名の学生が選抜され、キャンパスアジアプログラムに入っています。本専攻は明確な人材養成目標を持ち、カリキュラムを完備し、専門の教師と管理人員が三国共同運営により、東アジア文化に対し高度の認識、理解、分析能力を備えた創造的で突出した人材を養成するというこの創造モデルは国内で初のものです。三カ国の学生は専門的なコースとカリキュラムの保証のもと、遠隔教育や集中講義、「移動キャンパス」等を通じて、専門的な日本語と韓国語の同時学習を進行し、中国語、日本語、韓国語、英語等を使用していく中で、多言語による交流を展開し、人文、社会、歴史、文化等の領域の課題を探求します。学業を終えると、成績優秀者には、本国での学位の他に、中日韓三カ国の大学が共同発行する修了書が授与されます。

学習計画は「一年半、二年、半年」の三段階に分かれ、中日韓三カ国の大学の連携養成モデルを実行します。第一段階(第1~3 学期)は国内で専門的な日本語と韓国語の語学学習を進めます。第二段階の「移動キャンパス」(4~7 学期)の期間は日本と韓国の両国に留学し、日本と韓国の大学が設置する語学カリキュラム、人文学、社会学等の授業科目を履修し、学生は日本と韓国で体験式文化交流を行います。第三段階(8 学期)には、国際学習、国際的就職という養成目標を実現するため、三カ国の大学は共同で国際的就職に必要な専門課程を用意し、核心的産業のインターン先でのインターンの機会を提供し、学生の職業選択や就職における国際競争力を大幅に向上させます。

移動キャンパスの期間には、我が校への学費を納める(互いに学費免除)だけでよくなっています。 その年のプロジェクト経費と個人の総合評価により、一部の学生は日本、韓国滞在期間に奨学金や助成金 を受けることができます。

本学科の 2022 年度の卒業生は、男性 5 名、女性 15 名で計 20 名です。

Center for Linguistics and Applied Linguistics

National Key Discipline: Linguistics and applied linguistics

The Center for Linguistics and Applied Linguistics (CLAL) is recognized as a "National Key Research Institute for the Humanities and Social Sciences" by the Ministry of Education. Owing to CLAL, the field of linguistics and applied linguistics is the only field recognized by the Ministry of Education to have a national key research institute devoted to it.

CLALboasts a proud academic heritage. Under the leadership of CLAL's founding professors Shi-chun Gui, Xiao-ju Li, Zi-ran He, Jian-hua Huang and Guan-lianQian, the center has cultivated a core team of scholars whose works in linguistics are both prolific and broad in scope, spanning second language learning, societal and public discourse analysis, and theoretical linguistics.

CLAL maintains a rigorous program of research as attested by its great number of scientific accomplishments. The center lays claim to a long list of national- and provincial-level grants and honors. It is credited with numerous ground breaking discoveries and theoretical advances in areas as varied as foreign language learning, psycholinguistics, corpuslinguistics, and language testing. CLAL promotes a strong interconnection with the global research community by diversifying its faculty (e.g., bringing on board foreign scholars), forging international research collaborations, and encouraging open-mindedness and attention to international standards.

CLALis an active and vibrant hub of linguistics research and training. Annually orbiannually, we host both national and international academic forums. These include "The Guangwai Forum for Applied Linguistics", "The CLAL Academic Forum", and "The National Doctoral Student Forum for Linguistic and Applied Linguistics in Foreign Languages". We also regularly host individual guest speakers, including for our "Distinguished Overseas Scholar Lectures" and for our "Yun-shan Scholar LectureSeries". These various academic venues greatly enrich and enhance our center's intensive research environment.

CLAL encourages academic innovation. Professor Chu-ming Wang has advanced influential hypotheses related to second language acquisition. These include the "Learn Together, Use Together Hypothesis" and the "Compensation Hypothesis". ProfessorWang has also developed widely adopted foreign language teaching methods such as the "Length Approach" and the "Read-Then-Write Approach".
